

Responsible Visitor Charter

We are constantly working to make our destination more eco-friendly, but we need your help. We can all reduce our impact on the environment by making choices. As a visitor you have a very important role to play in helping us to conserve our natural assets and become a more sustainable destination.

Here are our recommended tips on how you can help:

Conserve Energy

Reduce energy by switching off lights and closing windows if heating is on.

Give the Car a Rest

Leave the car behind, if only for a day. There are lots of opportunities to walk in the area, we have printed guides and maps, or our guides will offer assistance. We also hire mountain bikes for a half or full day – enquire at reception.

Shop Local

Use local products, they give you a flavour of the area and help support local communities. We are fortunate to have some fantastic producers of food, drink and arts and crafts. With the exception of the toiletries on sale, all items in our cabinet are Scottish made.

Reduce, Reuse, Recycle

Try to avoid overly packaged goods and say no to that extra carrier bag. You can also support us in our efforts to recycle – please ask staff for more details.

Be Water Wise

The UK has rising costs for water treatment and flood defence so please use water wisely. Turn off the tap when brushing your teeth and adhere to towel policies or other water saving initiatives

Respect Nature

Help us to look after the landscape and wildlife by not littering, guarding against fire and using footpaths and cycle-ways responsibly. Ensure you follow the Countryside Code (copies available at reception if you are interested).

Support Green Businesses

There are thousands of businesses in the British Isles working to reduce their carbon footprint through the Green Tourism Business Scheme. Businesses are awarded Bronze, Silver and Gold for their efforts to be more sustainable.
